Overview

The Cardiology Pharmacy Specialty Review Course Practice Exam is a compilation of practice questions to help you prepare for the Board of Pharmacy Specialties (BPS) Cardiology Pharmacy Specialty examination. The practice exam questions are based from content discussed in the Cardiology Pharmacy Specialty Review Course. The course is designed based on the domains, tasks, and knowledge statements developed by BPS for the examination, and provides in-depth review of patient care issues for practitioners in cardiology. For more information on preparatory materials see:

<http://elearning.ashp.org/catalog/Cardiology-review>

How to Use the Practice Exam:

- Take the online practice exam as a diagnostic tool to identify knowledge gaps.
- Obtain a score.
- Print the answer key after submitting your answers. Answer key includes correct answers and corresponding rationales, reference sources, and the domains, tasks, and knowledge statements.
- Take the practice exam as many times as you wish.

To maintain its strict, independent standards for certification, BPS does NOT endorse or provide review information, preparatory courses, or study guides for Board Certification Examinations.
