**Geriatric Pharmacy Specialty Selected Readings: Management of Gastrointestinal Disorders and Nutrition in Older Adults (Cert # L229125)**

**Teaser:** The Geriatric Pharmacy Specialty Selected Readings consists of a review of pertinent topics, practice of required skills and references to helpful study resources on recent guidelines and current approaches to managing central nervous system disorders in the elderly.

**Tag:** Certifications; Geriatrics

**ACPE Number:** 0204-9999-22-951-H01-P

**Pre-Sale Date:** 09/21/2022

**Content Release Date:** 10/19/2022

**Expiration Date:** 10/17/2023

**Activity Type:** Application-based

**CE Credits:** 3 contact hours (BPS and ACPE)

**Activity Fee:** \$100 (ASHP member); \$150 (non-member)

**Accreditation for Pharmacists**

The American Society of Health-System Pharmacists and American College of Clinical Pharmacy and are accredited by the Accreditation Council for Pharmacy Education as providers of continuing pharmacy education.

**Target Audience**

These activities are intended for Board Certified Geriatric Pharmacy Specialists in need of recertification credit.

**Activity Overview**

The purpose of this activity is to offer participants recertification credits for the Board of Pharmacy Specialty (BPS) certification for geriatric practitioners (BCGP) by providing a review of pertinent topics, practice of required skills and references to helpful study resources regarding polypharmacy and medication management in the elderly. The activity will assist the participant in identifying areas needed for an in-depth review.

This module focuses on management of Gastrointestinal Disorders and Nutrition in Older Adults. By reading the selected book chapter, listening to the presentation, and answering the post-activity assessment, the clinician will enhance their understanding and application of these criteria and approaches.

**Materials for this course will release 10/19/2022**

---

This activity is approved for 3.0 contact hours of continuing pharmacy education credit. Successful completion of the learning module will provide 3.0 contact hours of continuing pharmacy education credit

#### **Recertification Credit**

Board certified pharmacists are eligible to receive up to 3 contact hours of recertification credit for completing this course. To earn recertification credit, learners must review the course content and successfully complete the online assessments by the deadline. Only completed assessments will be eligible for credit; no partial or incomplete assessments will be processed. You are allowed only one attempt to successfully complete this assessment.

This course is not intended for those preparing to take the BPS Geriatric Pharmacy Specialty Examination for Certification. To prepare for the examination, please see courses here:

<http://elearning.ashp.org/catalog/geriatric-pharmacy-review>

These activities are part of the ASHP and ACCP professional development program for BCGP recertification approved by the BPS.

Learning Activity	ACPE Number	Contact Hours	Assessment Pass Point
Geriatric Pharmacy Specialty Selected Readings: Management of Gastrointestinal Disorders and Nutrition in Older Adults	0204-9999-22-951-H01-P	4	73%

#### **Learning Objectives**

After participating in this CPE activity, learners should be able to:

- Assess the applicability of general adult treatment guidelines, literature, and management strategies for gastrointestinal disorders to older patients.
- Select appropriate drug therapy for gastrointestinal disorders (including dysphagia, nausea and vomiting, constipation, gastroesophageal reflux disease, Clostridioides difficile infection) in older adults
- Recommend strategies that will support optimal nutrition in older patients taking medications.

#### **Faculty**

Julianna Fernandez, PharmD, BCPS, BCGP  
Clinical Associate Professor  
University of Houston  
College of Pharmacy  
Houston, Texas

### **Disclosures**

In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support and the Accreditation Council for Pharmacy Education's Standards for Commercial Support, ACCP and ASHP requires that all individuals involved in the development of activity content disclose their relevant financial relationships. A person has a relevant financial relationship if the individual or his or her spouse/partner has a financial relationship (e.g. employee, consultant, research grant recipient, speakers bureau, or stockholder) in any amount occurring in the last 12 months with a commercial interest whose products or services may be discussed in the educational activity content over which the individual has control. The existence of these relationships is provided for the information of participants and should not be assumed to have an adverse impact on the content.

All faculty and planners for ACCP and ASHP education activities are qualified and selected by ACCP and ASHP and required to disclose any relevant financial relationships with commercial interests. ACCP and ASHP identifies and resolves conflicts of interest prior to an individual's participation in development of content for an educational activity. Anyone who refuses to disclose relevant financial relationships must be disqualified from any involvement with a continuing pharmacy education activity.

All other planners, presenters, reviewers, ACCP and ASHP staff and others with an opportunity to control content report no financial relationships relevant to this activity.

### **Methods and CE Requirements**

This activity consists of audio and slides, a PDF book chapter, an attestation statement, and an activity evaluation. Learners must review all content and complete the attestation statement and evaluation to receive continuing pharmacy education credit for the activity.

Follow the prompts to claim, view, or print the statement of credit within 60 days after completing the activity.

### **System Technical Requirements**

Courses and learning activities are delivered via your Web browser and Acrobat PDF. For all activities, you should have a basic comfort level using a computer and navigating web sites.

View the [minimum technical and system requirements](#) for learning activities.

### **Development**

ASHP and ACCP collaborate on geriatric activities.
