### Clinical Sessions for Recertification: Oncology (Cert # L209334)

**Teaser:** The Oncology Clinical Sessions for Recertification Package consists of 2 activities and provides up to 4.0 hours of recertification credit through a high-level, interactive discussion on contemporary and emerging issues in oncology.

**Tag:** Certifications; Oncology

---

#### ACPE Numbers:

0217-9999-20-123-H01-P

0217-9999-20-124-H08-P

**Pre-Sale Date:** 11/18/2020

**Content Release Date:** 12/16/2020

**Expiration Date:** 12/14/2021

**Activity Type:** Application-based

**CE Credits:** 4.0 hours

**Activity Fee:** \$150 (ASHP member); \$250 (non-member)

#### Accreditation for Pharmacists

The American College of Clinical Pharmacy and American Society of Health-System Pharmacists are accredited by the Accreditation Council for Pharmacy Education as a providers of continuing pharmacy education.

#### Target Audience

These recertification activities are intended for board certified pharmacists seeking to update their knowledge and skills in:

- Oncology Supportive Care

#### Activity Overview

The Clinical Sessions Package is intended for board certified pharmacists in need of recertification credit and is designed based on the content outline developed by the Board of Pharmacy Specialties (BPS). Using a case-based approach, the activities provide high-level, interactive discussions on contemporary and emerging issues oncology.

The Oncology Clinical Sessions Recertification Package consists of 2 activities (see table below) and provides up to 4.0 hours of continuing pharmacy education and/or recertification credit.

These activities are part of the ASHP and ACCP professional development program for BCOP recertification approved by the BPS.

#### Recertification Credit\*

Board certified pharmacists are eligible to receive up to 4.0 hours of recertification credit for completing this package. To earn recertification credit, learners must review the activity content and successfully complete the online assessments by the deadline. Only completed assessments will be eligible for credit; no partial or incomplete assessments will be processed. You are allowed only one attempt to successfully complete this assessment.

---

**\*\* Materials for this course will be release on 12/16/2020 \*\***

---

Recertification credit is earned in the calendar year in which you pass the recertification assessment.

Learning Module	ACPE Number	Credit Hours	Specialty	*Assessment Pass Point
Oncology Supportive Care: Navigating the Expanding Realm of Oral Small Molecule Inhibitors	0217-9999-20-123-H01-P	2.00	BCOP	TBD
Why Am I Only Offering Oncology Pain Patients Opioids? Is There Anything Else, Anything at All?	0217-9999-20-124-H08-P	2.00	BCOP	TBD

**Oncology Supportive Care: Navigating the Expanding Realm of Oral Small Molecule Inhibitors**

**ACPE Number: 0217-9999-20-123-H01-P**

**Learning Objectives**

At the conclusion of this application-based educational activity, participants should be able to do the following:

- Describe the mechanism of action of tyrosine kinase inhibitors and multi-kinase inhibitors and how the differences contribute to their respective toxicity profile.
- Evaluate the current monitoring parameters for FDA-approved small molecule inhibitors and recognize areas of ambiguity.
- Design a customized treatment plan for a patient presenting with a small molecule inhibitor-related adverse event.
- Recommend effective approaches for monitoring patients on small molecule inhibitors to improve patient outcomes.

**Why Am I Only Offering Oncology Pain Patients Opioids? Is There Anything Else, Anything at All?**

**ACPE Number: 0217-9999-20-124-H08-P**

**Learning Objectives**

At the conclusion of this application-based educational activity, participants should be able to do the following:

- Identify oncology patients which would benefit the most from additional non-opioid pain management options.
- For a given patient, describe the possible mechanism of pain and choose an appropriate therapeutic option based on available evidence for management.
- Given a patient case, identify which IT pump therapy would be most beneficial to the patient's oncologic pain management regimen.
- For a given patient, evaluate whether he/she would have an indication for interventional therapies.

#### **Disclosures**

In accordance with the Accreditation Council for Continuing Medical Education's Standards for Commercial Support and the Accreditation Council for Pharmacy Education's Standards for Commercial Support, ASHP requires that all individuals involved in the development of activity content disclose their relevant financial relationships. A person has a relevant financial relationship if the individual or his or her spouse/partner has a financial relationship (e.g. employee, consultant, research grant recipient, speakers bureau, or stockholder) in any amount occurring in the last 12 months with a commercial interest whose products or services may be discussed in the educational activity content over which the individual has control. The existence of these relationships is provided for the information of participants and should not be assumed to have an adverse impact on the content.

All faculty and planners for ASHP and ACCP education activities are qualified and selected by ASHP and ACCP and required to disclose any relevant financial relationships with commercial interests. ASHP and ACCP identifies and resolves conflicts of interest prior to an individual's participation in development of content for an educational activity. Anyone who refuses to disclose relevant financial relationships must be disqualified from any involvement with a continuing pharmacy education activity.

All other planners, presenters, reviewers, ASHP and ACCP staff and others with an opportunity to control content report no financial relationships relevant to this activity.

#### **Methods and CE Requirements**

Activities consist of audio/video/PDF files, an attestation statement, and activity evaluation. Learners must review all content and complete the attestation statement and course evaluation to receive continuing pharmacy education credit for each activity.

Follow the prompts to claim, view, or print the statement of credit within 60 days after completing the activity.

#### **System Technical Requirements**

Learning activities are delivered via your Web browser and Acrobat PDF. For all activities, you should have a basic comfort level using a computer and navigating web sites.

View the [minimum technical and system requirements](#) for learning activities.

#### **Development**

These activities were developed by ACCP and ASHP.
